Updated Provincial Pathology 'Request for Placental Examination' Requisition

Date effective: October 1, 2019

Background Information:

A Provincial Pathology Requisition for Placental examination requisition has been updated. The updated version will replace all current versions of the requisition.

All requested information, marked with an asterisk (*) is required including:

- Ordering provider
- Ordering facility
- Physician signature
- Collection date & time
- Patient information
- Option for submission to pathology
- Maternal and prenatal history
- Infant history information.

Please see attached copy of updated requisition for reference.

Action Required

- The Provincially certified EMR Vendors (via Digital Health) have been sent the new version, asked to build these forms within their EMRs and make them available for their customers. The Form will be made available to all other EMR vendors at their request.
- Delete all prior versions of these requisitions from your EMR when replacing them.
- Discard printed and saved electronic copies of older forms after 3 months

Important Reminders:

- Accreditation requirements include complete information on requests- include all requested information, especially information marked with an * as highlighted above.
