Manitoba Certified EMR Product: Change Proposal Form

Change ID	CP-2018-03
Subject	Home Clinic Enrolment Service (Enrolment Service) Interface for Vendors of STANDARD level Certified EMR Products
Change Issued On	October 22, 2018
Change Type	<input type="checkbox"/> Urgent (Mandatory) <input type="checkbox"/> Standard (Mandatory) <input checked="" type="checkbox"/> Proposal (Optional)
Change Summary	<p>This Change Request introduces an interface from the EMR to the Home Clinic Repository. The objective of the Enrolment Service is to provide Home Clinics with an efficient method to manage client enrolment and securely submit the enrolment to the Home Clinic Repository.</p> <p>This change is accompanied with a remuneration* amount of \$30,000 to Vendors of Certified EMR Products upon completion of the following:</p> <ul style="list-style-type: none"> • EMR product certification to the eHealth_hub – Home Clinic Enrolment Service Interface specification within six (6) months upon receipt of the final, signed Change Order. • Implementation and provisioning of the Enrolment Service in at least one Home Clinic, within a mutually agreed upon timeframe. <p><i>*At Manitoba's discretion, per Article 19.0 of the Applicant Agreement.</i></p>
Reason for Change	<p>The Home Clinic Enrolment Service Interface:</p> <ul style="list-style-type: none"> • Ensures efficient and accurate enrolment, by: <ul style="list-style-type: none"> ○ Providing comprehensive capture and submission of Home Clinic relationship data (e.g. Client – Home Clinic, Client – Associated Provider). ○ Enabling the timely submission of client enrolment. • Minimizes and streamlines Home Clinic Enrolment remediation activities, by: <ul style="list-style-type: none"> ○ Reducing enrolment rejections with more complete data capture and business rules for validation in the EMR. ○ Delivering information related to enrolment remediation directly to the EMR on a daily basis. • Creates a solid foundation for information sharing
Modifications Required	EMR development as per the eHealth_hub Home Clinic Enrolment Service Interface specification , and in conjunction with the Home Clinic Enrolment Service Assessment Guide .
Implications of not implementing change	There is no impact to Certification at the Standard level.
Deliverables and Target Dates	<p>October 22, 2018 – Change Proposal issued</p> <p>December 28, 2018 – Response to the Change Proposal due</p> <p>Maximum of 6 months following response to the Change Proposal – Deadline for Certification toward eHealth_hub – Home Clinic Service Interface.</p>
