Manitoba Certified EMR Product: Change Proposal Form

Change ID	CP-2023-01
Subject	Immunization Query Service for all Vendors of Certified EMR Products
Change Proposal Date	October 25, 2023
Change Type	<input type="checkbox"/> Urgent (Mandatory) <input type="checkbox"/> Standard (Mandatory) <input checked="" type="checkbox"/> Proposal (Optional)
Change Summary	This Change Proposal introduces an interface from the Public Health Information Management System (PHIMS) to the EMR which provides the EMR user with the ability to view, access and incorporate immunization history for a select patient into the EMR on demand.
Sponsor	Manitoba Health
Reason for Change	<p>Primary care providers have identified a gap in access to immunization history for their patients. Although view-only information is available in eChart Manitoba, the Immunization Query Service provides access to a richer data set and the option to incorporate immunization data into the EMR.</p> <p>The Immunization Query Service:</p> <ul style="list-style-type: none"> • Enables a user to initiate a search from a patient record in the EMR to access and view that patient's immunization history from PHIMS • Offers the option to then incorporate selected immunizations from the search into the Certified EMR (PHIMS data will be read-only and not editable) • Distinguishes the immunization information received from PHIMS from the local EMR immunization data without over-writing existing data • Allows incorporated PHIMS data to be included in EMR features and functions that support data analysis and reporting in the EMR
Modifications Required	<p>EMR development as per:</p> <ul style="list-style-type: none"> • eHealth hub – Immunization Query Service Specification • eHealth hub – Immunization Query Service Assessment Guide
Implications of not implementing change	As this is an optional change release, there is no impact to Certification.
Deliverables and Target Dates	<p>October 25, 2023 – Issue of Change Proposal</p> <p>To apply for this integration, email EMR@sharedhealthmb.ca and the EMR Certification team will be in contact with you. As this is an optional change, timelines have not been included.</p>
