

Home Clinic – Did you know?

New Primary Care Report for Home Clinics

Eligible Home Clinics recently received their first **Primary Care Report for Home Clinics**. This report is distributed quarterly by Manitoba Health, Seniors and Active Living and provides information on patient enrolment, visit activity, Primary Care Quality Indicators submitted via the Primary Care Data Extract and an overview of primary care in Manitoba. To learn more about how to make use of this new report, watch our **“Understanding the Primary Care Report for Home Clinics”** video posted in our EMR Video Library at <http://www.manitoba-ehealth.ca/emr-ss-media.html>.

Questions? Contact the Home Clinic Team at 204-926-6010, 1-866-926-6010 or homeclinic@manitoba-ehealth.ca.

New QRG available

Are you a Home Clinic eligible to upload your Primary Care Data Extract using the Home Clinic Portal?

A new **Quick Reference Guide (QRG)** is available on the Manitoba eHealth website to provide support and instructions.

Visit our Registered Home Clinics webpage and click on the Learning and Training section at:

Webinar:

Don't get left behind

What you need to know about EMR Certification

Co-hosted by:

*Manitoba College of Family Physicians,
Manitoba eHealth and
the Primary Health Care Branch*

Are you considering a move from paper charts to an EMR?

Are you transitioning to a new EMR?

Should you be selecting a Manitoba Certified EMR?

If you are asking these questions, then join us at this information session.

The first half of the session will provide an overview of certification levels, benefits to physicians and what to consider when making the important decision to choose a new EMR. The second half will be an open Q&A format with representatives from the Manitoba College of Family Physicians, Manitoba eHealth and the Primary Health Care Branch of Manitoba Health, Seniors and Active Living available to participate in the dialogue and answer your questions or concerns.
