Please confirm with the ED staff that you have provided the correct phone number and address.

You have been referred to the Early Pregnancy Assessment Clinic (EPAC) for bleeding at less than 14 weeks of pregnancy.

Location: **Early Pregnancy Assessment Clinic (EPAC)** (see map on reverse)
HSC Winnipeg Women's Hospital
665 William Avenue
Blue Bird Clinic, Level 1
204-787-1983 (phone lines open 9 a.m.–12 p.m. & 1 p.m.–4 p.m.)
* the clinic is closed on weekends and statutory holidays

You will be contacted on the next business day by a nurse to determine an appointment time and date, if needed.

If you have not received a call by 1 p.m. on the next business day, please call 204-787-1983 to determine if you require an EPAC appointment. You will receive a letter in the mail if the EPAC staff are unable to reach you by phone.

Please do not eat or drink anything for at least 6 hours before your visit to the clinic.

In the clinic, you will meet with a nurse to review your medical history. You may have an ultrasound that could involve both an abdominal and vaginal examination. A nurse or gynecologist will discuss your results and follow-up plans. If the pregnancy requires further assessment, your visit may take several hours.

If your symptoms change, i.e. heavy bleeding (soaking through more than 2 pads per hour for 2 consecutive hours), increasing pain not responding to acetaminophen (Tylenol), or you are feeling lightheaded, you can call Health Links-Info Santé at 204-788-8200 (1-888-315-9257), return to Urgent Care or go to an Emergency Department for reassessment.
