

Home Clinic Portal Release Notes

The Home Clinic Portal will be updated Sunday, August 29, 2021. A summary of the change is included below.

Scheduled Reports

There is now an updated version of the weekly COVID-19 Unvaccinated Clients Report available in the Home Clinic Portal. This report includes:

- A provider-based and age-grouped list of unvaccinated patients with the addition of partially vaccinated patients (received one out of two required doses) who are not scheduled to receive a COVID-19 vaccination in the next 30 days
- A new 12-17 year-old age-grouping, including Manitobans born on or after December 31, 2009 (11 year olds turning 12 this year)
- The use of additional data sources to improve the accuracy / removal of deceased patients

Please note that this scheduled report is available in PDF and Microsoft Excel formats and will be updated on a weekly basis.
