

## Home Clinic Portal Release Notes

Effective June 4, 2024, the Home Clinic Portal will no longer accept patient enrolment using a nine zero PHIN (000 000 000). Although this is an acceptable registration practice in EMRs for newborns as a placeholder, enrolment in Home Clinic Portal should take place only after the newborn has been assigned their own unique PHIN from Manitoba Health.

Home Clinics who attempt to enrol using a nine zero PHIN will receive an enrolment rejection and an associated message indicating an invalid identifier was used.

REASON FOR REJECTION	REMEDATION
<p><b>REASON RCZP: CLIENT 9 ZERO PHIN INVALID</b></p> <p>Your Home Clinic submitted an enrolment record with a 9-zero PHIN identifier.</p>	<p>Resubmit enrolment with a valid Manitoba PHIN.</p>
