

SWIM – Access to Care

Dashboard Overview

Quick Reference Guide

Interactive dashboard that provides an at a glance overview of the provider's case status(s)

Dashboard	
<p>1. Find a Patient</p>	<ul style="list-style-type: none"> Search for patients already on the wait list. <ul style="list-style-type: none"> Search by: <ul style="list-style-type: none"> Novari ID HCN (PHIN) Name Phone Number 
<p>2. Task List</p>	<ul style="list-style-type: none"> The Task List aggregates the most pressing tasks into a centralized list. Only tasks with something to deal with are displayed. Selecting a task navigates to its task list 
<p>3. Block Utilization</p>	<ul style="list-style-type: none"> The Block Utilization area provides a high-level view of the slate blocks that have been created. Each block shows the Care Venue, how full a slate is by percentage and whether the block has been submitted (green) or is unsubmitted (red) The yellow highlight indicates the next three weeks after today's date Clicking on any block opens the calendar page to view the patients, make changes, or add patients to the block 

Quick Reference Guide

- The **Wait List Overview** displays a scheduling summary for all patients on the list.

Wait List Overview

An analysis of your cases' scheduling statuses, performance for current cases, and predicted trends for future cases.

Scheduling Summary

Without Dates	With Dates		Total
9	10 UNSUBMITTED	5 SUBMITTED	24

- The **Scheduling Summary** provides information on the total number of patients on the list and breaks them down by whether they have an OR date or not and whether the ones with dates have been submitted to the Care Venue or not.

Scheduling Summary

Without Dates	With Dates		Total
9	10 UNSUBMITTED	5 SUBMITTED	24

4. Wait List Overview

- The **Wait 1 Performance** provides an overview of current active cases for Wait 1 timing. The red portion of the bar graph shows cases that failed to reach the target time; the green portion represents cases that progressed to Wait 2 within the target time frame. Note: Only new referrals and re-referrals count toward Wait 1 performance.

Warning! Cases will only appear in this section if the Referral Date and Consult Date are entered. Both values are not mandatory at this time

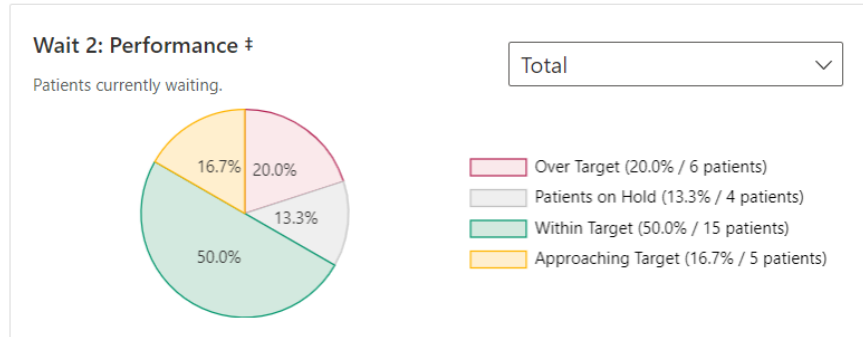

SWIM – Access to Care

Dashboard Overview

Quick Reference Guide

- The **Wait 2 Performance** displays a graph, based on the **decision to treat date**, indicating the time the patient has been on the wait list and the priority score that has been given to the patient.

Click on an area of the pie graph to open to a list of those patients in that section

Red – Cases over target.

Yellow – Cases with less than 21 days to target

Green – Cases with greater than 21 days to target

Grey – Cases that are currently on hold

- The **Wait 2 Percentage of Cases Completed within Provincial Wait Time Targets** displays the completion percentage of cases within the target by month, for the past 10 months

- The **Wait 2: Median Wait Time** is a general summary of Wait 2 provided in the form of a calculated **Median Wait Time** and a **Wait Time Trend**. The **Median Wait Time** can be expanded to provide a breakdown by priority. The **Trend** compares your performance last month to the preceding 9 months
