

How to choose cases (Slating/Booking PMH/SH-SS)

Quick Reference Guide

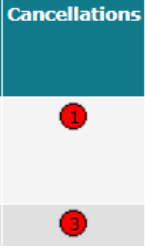

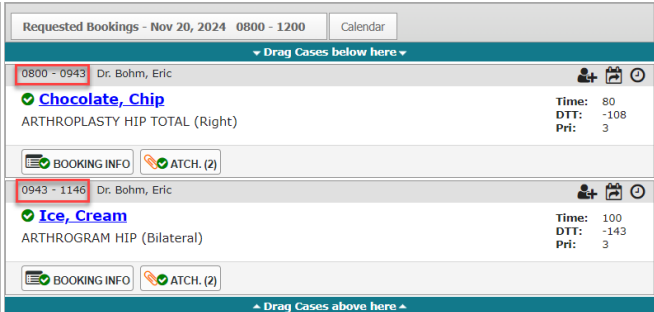

How to choose cases in SWIM by filtering the surgeon's list and selecting appropriate cases.

Filter List	
<p>1. Ready to Book</p>	<ul style="list-style-type: none"> Set to Ready to Book Y  <p>(Click and hold CTRL/COMMAND to select)</p>
<p>2. Anesth.</p>	<ul style="list-style-type: none"> Depending on the cases you are looking for, select Yes or No. 
<p>3. Booking Status</p>	<ul style="list-style-type: none"> Select Without Dates 
<p>4. Attachments</p>	<ul style="list-style-type: none"> Select the attachment name that must be present for case booking  <p><input type="checkbox"/> Patients without these attachments</p>

Select cases	
<p>1. Examine list</p>	<ul style="list-style-type: none"> After setting filters, examine the list and determine which cases would be appropriate for the upcoming slate. Consider surgical case type, procedure mix, case time required, etc.

Quick Reference Guide

Select cases	
<p>2. Identify cancellations</p>	<ul style="list-style-type: none"> Consider rescheduling patients who were previously cancelled. Identify cancellations by clicking on the number in the red/yellow/green circle in the Cancellations column. 
<p>3. Top to bottom</p>	<ul style="list-style-type: none"> Work from the top of the list to the bottom to ensure the higher priority cases are chosen before lower priority cases.
<p>4. Schedule date</p>	<ul style="list-style-type: none"> Use one of the three methods for scheduling cases on a block (drag and drop, List View with mini scheduler, or on Case Details with mini scheduler) <div style="border: 1px solid green; padding: 5px;">  Scheduling from the List View with mini scheduler may be the best method since the filters are already set. </div>
<p>5. Examine block</p>	<ul style="list-style-type: none"> After patients have been added to the block, view the block in the Calendar. Consider the times they are scheduled for and whether more or less time is required. 
<p>6. Empty Appointment</p>	<ul style="list-style-type: none"> Consider using an Empty Appointment to hold a spot(s) for an urgent case(s) which may not yet be known. Empty Appointments should be filled closer to the surgical date.
<p>7. Submit to Care Venue</p>	<ul style="list-style-type: none"> When ready, click Send Block to Care Venue Module <div style="border: 1px solid red; padding: 2px;">  This Block has NOT been SUBMITTED to the Care Venue module - SEND BLOCK TO CARE VENUE MODULE </div>
