**Re:** **Lexidrug™ Now Available to All Clinical Staff**

---

Shared Health is excited to provide UpToDate® Lexidrug™ to all clinical staff across Manitoba.

This clear, concise resource is designed to connect you to drug answers quickly and efficiently, providing you with timely and relevant drug information.

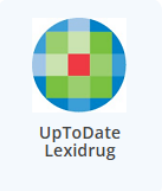
We encourage you to take advantage of this valuable resource.

**Lexidrug gives you access to:**

- Point-of-care drug information, including dosing, administration, warnings and precautions, as well as clinical practice guidelines and Clinical Insights from UpToDate®, New FDA approvals and special alerts right on the home page
- In-depth databases for deeper research on topics such as pharmacogenomics, off-label drug uses, drug allergies, comparative efficacy, pregnancy/lactation, and more
- Medical calculators, drug interaction checker, drug ID tool, drug comparisons, and more clinical tools
- Patient education materials in up to 20 languages

**Different ways on how to access Lexidrug™:**

1) Visit UpToDate Lexidrug (https://online.lexi.com/lco/action/home?siteid=71543) from a network computer in all health regions across Manitoba and in all Shared Health facilities.
2) Click on the tile *UpToDate Lexidrug* on your region's resource home page.



3) Download the Lexidrug™ mobile app onto an Android or Apple device and use the organization's access code for free access to the content.
4) WRHA and HSC staff can continue to access Lexidrug™ via the WRHA Virtual Library.

**Need Help?**

1) Visit the Lexidrug™ User Academy to view a number of training videos on how to use the Lexidrug™ platform: https://www.wolterskluwer.com/en/solutions/uptodate/resources/lexidrug-user-academy/videos
