

Join this engaging session highlighting opportunities for antimicrobial stewardship (AMS) in Long-term Care shared by the Saskatchewan Health Authority. NCCID and AMMI Canada co-host this and other events in the “CAN AMS!” webinar series. Coming webinars share what has been done to implement AMS, with the goal to inspire what CAN be done.

Building an Antimicrobial Stewardship Committee in Long-term Care

Date: June 10, 2024
Time: 10 am PT / 11 am MT / 12 pm CT / 1 pm ET / 2 pm AT / 2.30 pm NFL.
Location: Zoom (link will be sent following registration)

Moderator

Jason Vanstone,
PhD; Research Scientist,
Stewardship and Clinical Appropriateness,
Saskatchewan Health Authority

Speakers

Kaitlyn Sterner,
RN, BSN, MHA, CHE
Director of Continuing Care,
Saskatchewan Health Authority

Kim Dhand,

Clinical Pharmacist, Parkridge Centre,
Saskatchewan Health Authority

Learning Objectives

At the end of the session, the participants will be able to:

- ✓ Identify barriers and opportunities for building an AMS committee in LTC
- ✓ Understand the importance of connecting with patient and family partners
- ✓ Identify long-term goals for LTC AMS committees

- ✓ There is no fee to attend, however registration is required.
- ✓ Instructions will be provided following registration.
- ✓ The virtual event will be delivered via ZOOM.
- ✓ The program is not accredited.
- ✓ Session will be recorded and made available on [AntimicrobialAwareness.ca/Webinars](https://www.AntimicrobialAwareness.ca/Webinars) following the presentation.
- ✓ French materials are available upon request. Contact nccid@umanitoba.ca
